Our Purpose

Better Care for a Better World

Our Values

We Care

We care for our people, our communities and everyone we serve, and we value our differences.

We Own

We are responsible for our decisions and accountable for our results

We Act

We have a bias for action, and do what's right for our people, our business and our world.

Our Ways of Working

Focus on Consumers

We keep the needs of customers and consumers at the center of our work.

Play To Win

We aim high, measure our results and live our values because winning with integrity matters

Move Fast

We turn decisions into action, remove barriers and seek progress over perfection.

Grow Our People

We champion inclusion and encourage our people to ideate, innovate and contribute to their growth.

Our Culture

Purpose Led, Performance Driven

Kimberly-Clark

BETTER CARE FOR A BETTER WORLD

Kimberly-Clark and its trusted brands have become an indispensable part of life for people all over the world. KCC is head quartered in Dallas, Texas and has approximately 40,000 employees worldwide.

Fueled by ingenuity, creativity, and an understanding of people's most essential needs, we create products that help individuals experience more of what's important to them.

In 1872, Kimberly-Clark's legacy began on the banks of the Fox River in Neenah, Wisconsin with our first paper mill. Since then, care and innovation has become the strength of our company and led us to create entirely new categories. We pioneered bath tissue on a roll, created the first feminine hygiene pad with Kotex®, introduced Kleenex® facial tissue, and redefined the potty training routine. We're proud of the essential role we play in people's everyday lives when they choose our trusted products. For our 150th anniversary, our Kimberly-Clark teams around the world are celebrating what brought us to this moment while recognizing that our purpose of **Better Care for a Better World** calls us to do more to care for each other, our consumers, our communities and the planet.

150 years
Providing care
since 1872

1/4
Essential to one-quarter of
the world everyday

175
A trusted part of life in more
than 175 countries and
locations

Making a Positive Impact

It's not the equipment you use, the services you provide or the building you occupy that moves your business forward. It's the hardworking people that make up your workforce. A division of Kimberly-Clark Corporation, Kimberly-Clark Professional™ is focused on providing B2B solutions that help you make a positive impact on the people that matter the most.

The Kimberly-Clark commitment

**We all have a responsibility to protect
the world's natural resources**

And as a global, market- leading company, we are committed to helping our customers meet their sustainability goals, elevating workplaces with the highest sustainability standards. Our trusted hygienic innovations are designed to perform and protect, while proven to reduce the impact on our planet.

Our own environmental goals are set deliberately high, by 2030 we will:

Advance the well - being of 1 billion people

Reduce our plastics footprint by 50%

Reduce our Natural (Northern) Forest Fibre footprint by 50% (by 2025)

Reduce our absolute GHG emissions (Scope 1 and Scope 2) by 50% over a 2015 year base

Reduce our water footprint in water-stressed areas by 50%

We're your **responsible partner** in sustainability.

We help you **consume and waste less**.

We provide trusted brands with measurable **reduction** to your **environmental footprint**.

We lead innovation, with first-to-market **closed-loop systems**.

We deliver **sustainable products** by being a **sustainable company**.

We believe the future **depends on us**.

Our life cycle approach to sustainability

We strive to use less of the world's resources so there's more left for the future.

Sustainability is embedded in **everything** we do

At Kimberly-Clark Professional™ we embed sustainability into our sourcing & manufacturing choices. These choices reduce your environmental impact and positively impact people.

Our climate footprint goals and targets are approved by Science Based Targets Initiative (SBTI) as being in-line with the Paris climate agreement, impactful, and achievable.

Find out more here: [SBTI approval.](#)

Did you know?

We use **water** with **circularity** in mind.

900

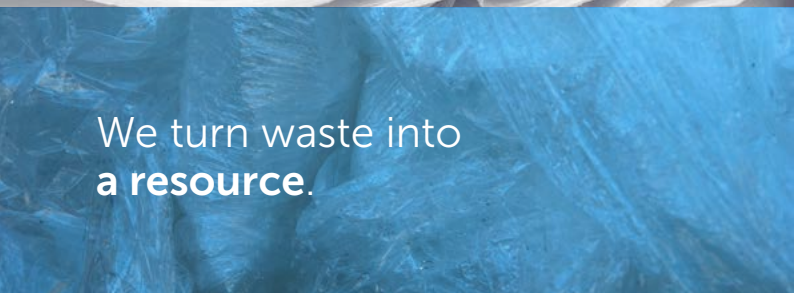

tons of CO₂ emissions are reduced annually by water recycling at our first-of-its-kind mill in Koblenz, Germany.

We're one of the **world's largest** recyclers of paper.

70%

of the fiber in our products in 2019 came from recycled sources.

We turn waste into a **resource**.

30%

of the plastic in many of our tissue and towel packages made in Europe will be from recycled sources in 2021.

We're approaching **zero-waste**.

100%

of our facilities worldwide segregate our manufacturing scrap waste and partner with local recyclers to keep waste in the value chain.

We're invested in **renewable energy**.

100%

of our North American grid electricity has been offset through the creation of wind farms in Oklahoma and Texas.

With sustainability at the core, we are **designing for circularity**

NEW 100% plastic-free core plugs

Fully recyclable in **paper recycling streams**

Helps to reduce waste and **improve your recycling rate**

Saving time – **no waste segregation needed**

Our rolled hand towel core plugs are now **100% plastic-free**, fully recyclable in paper recycling streams!

Saves **30.5** tons of plastic

Current waste segregation process

Old plastic core plugs

Plugs have to be separated from the core

NEW simplified waste management

NEW 100% plastic-free core plugs

The items in our branded rolled hand towel range are now equipped with the new 100% plastic-free core plugs:

- 6622 Scott® Control™ Rolled Hand Towels – White
- 6623 Scott® Control™ Slimroll™ Hand Towels – White
- 6626 Scott® Control™ Extra Strong Rolled Hand Towels – White
- 6691 Scott® Essential™ Rolled Hand Towels – White
- 6692 Scott® Essential™ Rolled Hand Towels – Blue
- 6695 Scott® Essential™ Slimroll™ Hand Towels – White
- 6696 Scott® Essential™ Slimroll™ Hand Towels – Blue
- 6780 Kleenex® Ultra™ Rolled Hand Towels – White
- 6781 Kleenex® Ultra™ Slimroll™ Hand Towels – White

Providing sustainable washroom solutions

- Our entire Toilet Tissue range is FSC® Certified, and our complete Scott® Toilet Tissue range is 100% recycled
- All our Hand Towels have FSC® and/or EU Ecolabel Certification
- Our Airflex™ Technology for our Hand Towels uses up to 17% less fibre
- Our systems give controlled single sheet dispensing to reduce usage and waste
- Our Hand Towels produced at VSE mill uses 30% less plastic in packaging

Scott® Control™ Twin Centrefeed Toilet Tissue

- Reduce storage volumes and trucks by up to 6x¹
- Reduction in raw material, water, energy and packaging
- 100% recycled, FSC and Eco Label certified fiber

Scott® Facial Tissue

- **Zero plastic:** completely plastic-free for environmental assurance – plastic baffle removed, and zero plastic in packaging
- **100% recycled,** FSC and Eco Label certified fibre

Scott® Control™ Foam Hand Cleanser

- Rinses off quicker than traditional soap resulting in up to 56% less water usage²
- Fully recyclable cassettes, Ecolabel certified

¹ vs. KCP 8475 for same number of visits
² Ann Durrant & Alexandra McKay, Media4Change Ltd

EU Ecolabel (EU Flower)
 The EU ecolabel is the European Union's labelling scheme, which certifies products that meet high environmental standards.

www.ecolabel.eu

Forest Stewardship Council® (FSC®)
 FSC certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits.

www.fsc.org

Food Safety Label Products carrying this symbol are approved for short-term food contact.

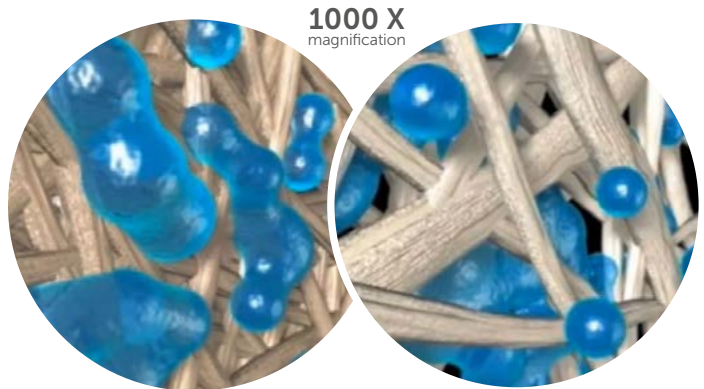

Trusted products designed to reduce waste and elevate hygiene.

Our unique Airflex™ Technology for more absorbent and strong Hand Towels

Kleenex® and Scott® hand towels are made with patented **Airflex™ technology** ensuring we deliver efficient and effective hand drying every time.

- More open structure than conventional towels
- Faster absorbency for more hygienic hand drying and just 2 towels required for an effective hand dry
- Strong when wet, dispenses more easily
- Soft textile-like feel, gentler on hands
- Uses 17% less pulp fibre in production

Closed structure of conventional towels vs open, absorbent structure of Airflex™ Towels

Absorbency

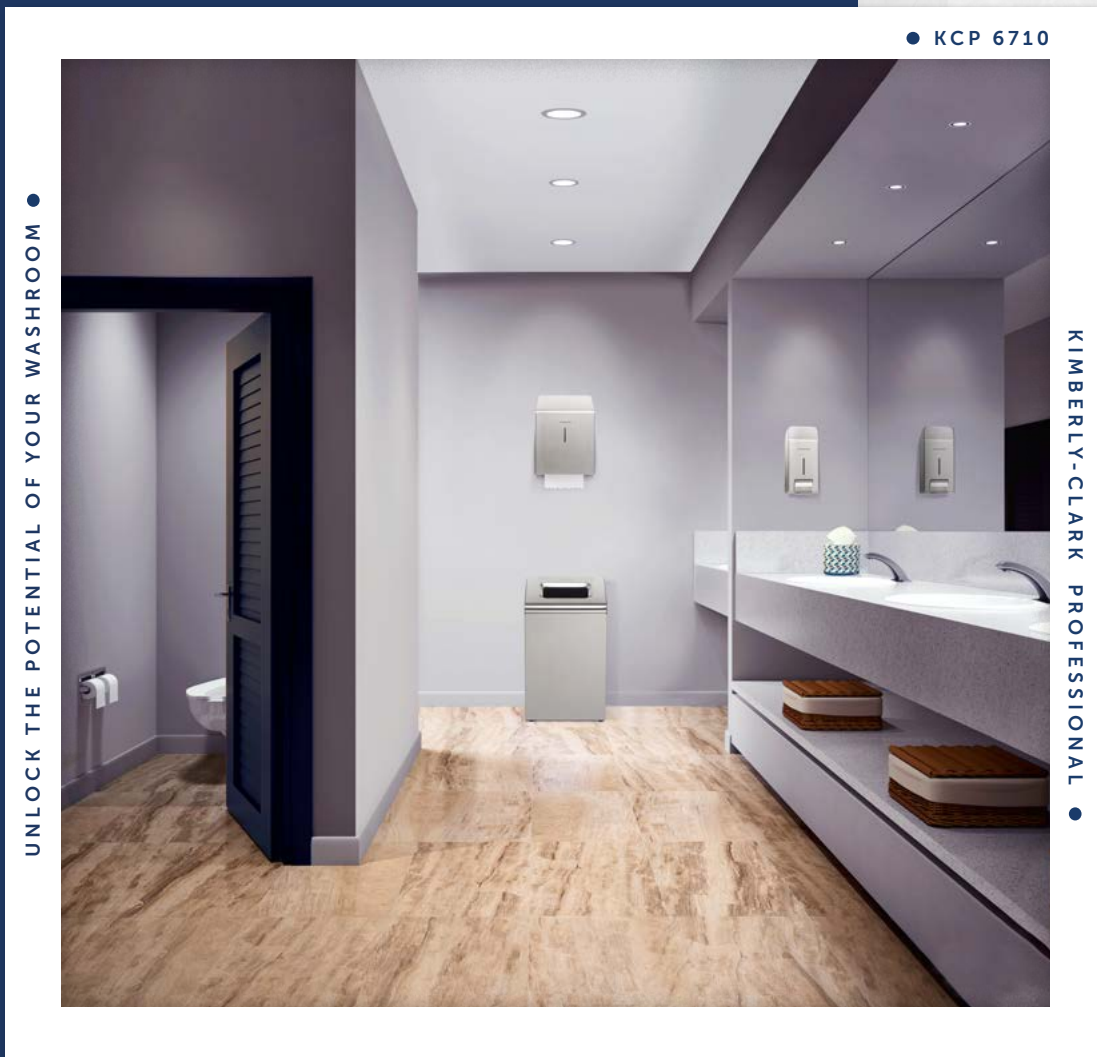

Strength

Our compression technology provides **significant reductions in storage and transportation** of your washroom consumables

HAND TOWELS

Hand drying is an important part of hand hygiene

Did you know paper towels are the most hygienic option for hand drying?

Paper towels:

Can remove up to 77% of the bacteria that remains on hands after washing.¹

Physically reduces bacteria as well as moisture when used for drying.

Are preferred by 90% of people when given a choice in their washroom.²

Are the World Health Organization's (WHO) recommended hand-drying method.³

¹ University of Westminster, "Changes in the number of different types of bacteria on the hands before and after drying using paper towel, continuous cloth roller towel, warm air dryer and jet air dryer" (2010)

² European Tissue Symposium 2016

³ WHO A Guide to the Implementation of the WHO Multimodal Hand Hygiene Improvement Strategy (Section II.1.1)

The facts speak for themselves.

Not only are paper towels a more effective way of protecting your employees' and tenants' hand hygiene, they are also the most popular choice.

HYGIENIC

Our dispenser design has no dirt traps – completely smooth design

Create a hygienic and coordinated washroom experience with the Aquarius™ washroom dispensers range, designed to work in perfect harmony with the trusted and familiar Kleenex® and Scott® brands.

These washroom dispensers are designed to support hygiene standards and deliver a consistent washroom solution suited to your workplace hygiene needs.

- Completely smooth exterior with no dirt-traps
- Touch-free design to reduce the risk of cross contamination
- Lockable design providing a fully enclosed unit
- Single sheet dispensing – only touch the sheet you use
- Sloped and flat-to-wall design to deter collection of dust or other contaminants
- Internal module removable for deep cleaning, and all elements compliant with cleaning chemicals
- High capacity = less refills = less contact / contamination opportunities

**NO

NEW Scott® Control™ Mini Twin Centrefeed Toilet Tissue System

Designed for maximum hygiene,
efficiency and sustainability

Did you know?

- Centrefeed systems reduce consumption significantly versus other toilet tissue systems.
- Less tissue used also reduces the chances of toilet waste system blockages.

Unmatched Hygiene

Touchless dispensing,
one-wipe-clean design,
fully enclosed rolls.

Fewer refills

Less chance for
cross contamination.

Maximum Efficiency

Highest capacity,
never-run-out twin roll
design.

Controlled dispensing

Increased efficiency,
reduced waste.

A sustainable choice

Made from 100% recycled
fibre, 30% recycled
and 100% recyclable
packaging.

Patented loading design

Improved reliability and
100% tissue availability.

NEW Scott® Control™ Mini Twin Centrefeed Toilet Tissue System

Designed for maximum hygiene, efficiency and sustainability

One-wipe-clean design -
for maximum hygiene

Roll change indicator -
avoid waste

Controlled, single
sheet dispensing for
maximum hygiene
and efficiency

Patented inner doors -
to help protect the roll

Dispenser Size
27.40 cm (H) x 46.40 cm (W) x 13.30 cm (D)

Our **Scott® Control™ Mini Twin Centrefeed Toilet Tissue System** is part of our complete Scott® Control™ washroom solution, delivering increased hygiene without compromising on washroom efficiency.

Scott® Control™ Mini Twin Centrefeed Toilet Tissue

Designed to deliver maximum hygiene, efficiency and sustainability

- A quality centrefeed toilet tissue for where workplace hygiene and contamination control is a priority.
- Scott® Control™ centrefeed toilet roll offers dispensing of single toilet paper sheets, meaning you only touch the sheets you use, helping to maximize washroom hygiene whilst controlling usage, reducing waste and cutting unnecessary costs.
- The high capacity centrefeed toilet paper dispensing system means reduced refill events.
- Scott® Control™ centrefeed toilet paper is made from 100% recycled fibres, is FSC certified, carries the European Ecolabel and has reliable flushability.

Is facial tissue your first line of defence?

Coughs and sneezes spray small liquid droplets from the nose or mouth which may contain viruses.¹

To help protect your employees, visitors and prevent germs from spreading, it is important to ensure good respiratory and hand hygiene.

Catch it

Germs spread easily, use a tissue to catch your cough or sneeze.

In the span of 24 hours, the average **adult touches 7,200 surfaces²** and **touches their face 552 times³**

Bin it

Germs can live for several hours on tissues. Dispose of your tissue after use.

Kill it

Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.

Your Complete Washroom Solution

Designed for hygiene

All our washroom solutions are designed with hygiene in mind.

- Single-use paper towels – critical for superior hand hygiene
- One-wipe-clean dispensers
- Single sheet dispensing to ensure you only touch the sheet you use

Brands you can trust

Elevate your washroom experience with our trusted and familiar Kleenex® and Scott® Brands. Many of our Hand Towels and Toilet Tissues feature printed or embossed branding to increase user preference and satisfaction.

Advanced technologies

Our Hand Towels are made with patented Airflex™ Technology ensuring we deliver efficient and effective hand drying every time.

And our compression technology provides significant reductions in storage and transportation of your washroom consumables.

Driving efficiency

Our single-sheet Hand Towels and Toilet Tissue, and our Foam Soap are all designed for controlled use ensuring efficiencies in the washroom.

We also offer a range of high capacity solutions to reduce refill time for your staff.

100% Recycled Fibre

Responsible sourcing

We have made a commitment to responsible fibre sourcing and to reducing the environmental impact of our manufacturing processes.

- Our entire Toilet Tissue range is Forest Stewardship Council® (FSC) Certified
- 80% of our Scott® Toilet Tissue range is 100% recycled
- All our Hand Towels have FSC and/or EU Ecolabel Certification
- Our UK mill is proud to divert 100% of all manufacturing waste from landfill

All our dispensers are backed by a lifetime warranty to give you added assurance in your washroom solution.
